

CONSULTANT'S AND SYSTEM DESIGN SPECIFICATION

The TASCAM 112mkII is a 3U rack-mountable single-well studio grade cassette player/recorder which utilizes a two-head mechanism. The unit is equipped with Dolby B and C with HX Pro Headroom Extension, Pitch Control (12% +/-) w/On Off switch, Headphone output w/level control, and precision VU meters. It has two-locate points, repeat function, and RTZ functions. Input and output level controls are located on the front panel in addition to front line inputs. The 112mkII offers parallel control and fader start function.

The 112mkII is equipped with rear panel unbalanced inputs and outputs. Optional balancing kit LA-112 and optional RC-134 remote control are available.
